OBJECTIVE

Hard-working, passionate person who believes in the importance of education and accessibility to technological advancements. Want to secure an entry-level position in a reputable organization, utilizing my skills and knowledge to drive growth. Seeking challenges and opportunities for professional development. Eager to learn and grow in a fast-paced environment

EDUCATION

Bachelor of Technology - Electronics and Communication
SRKR Engineering College
CPGA: 8.7

2022 - Present

TECHNICAL SKILLS

- **Programming Language:** Python, Java, C
- **Web Technologies:** HTML, CSS, JS
- **Tools:** VS Code, Jupyter Notebook
- **Other Skills:** Verilog, Arduino, ESP32

INTERNSHIPS

Cloud Computing at NIELIT

- Completed a cloud computing internship at NIELIT, gaining hands-on experience in core cloud technologies and services.
- Worked on deploying and managing cloud-based applications, understanding different service models (IaaS, PaaS, SaaS), and exploring platforms like AWS.

Java Full Stack Development at Blackbucks

- Completed a Java Full Stack internship at Blackbucks, developing web applications using Java, Spring Boot, HTML, CSS, JavaScript, and React.

PROJECTS

Bastion host in scalable environment 3-tier Architecture using AWS Cloud Computing

- Implemented a secure and scalable AWS architecture using a Bastion Host to access private EC2 instances through public instances.
- Integrated VPC, Auto Scaling Groups, IAM, and NAT Gateway to ensure controlled access, high availability, and efficient resource management in the cloud.

Food-Order Project Using Full Stack Development

- Developed a dynamic Food Order web application using Java, Spring Boot, MySQL, HTML, CSS, and JavaScript.
- Implemented features like menu browsing, order placement, delivery management, and real-time data updates with backend authentication and processing.

SOFT SKILLS

- Passion for learning new technologies
- Strong problem-solving and coding ability
- Team work and Collaboration
- Passion for learning new technologies
- Comfortable working in a fast-paced, team-friendly environment

CERTIFICATIONS

- CCNA: Introduction to Networks | CISCO Networking Academy
- Network Addressing and Basic Troubleshooting | CISCO Networking Academy
- Python Completion Certificate | Hackerrank
- SQL and Relational Databases | IBM
- Java Completion Certificate | Hackerrank
